Conformity

The design and construction of the product listed above meets the requirements as indicated on the back of this certificate by product testing and production conformity monitoring, as long as the internal procedures are applied to ensure that the product complies to the applicable BRL 3301: 05-07-2016, through valid and continuous monitoring of the manufacturing processes by SKG-IKOB via continuation of the validity of certificate SKGIKOB.010510.

Usage of the Mark of Conformity is permitted.

Period of validity

This certificate was first issued on 27-10-2017 and remains valid until 31-12-2023 as long as the conditions as laid down in the process, product specifications, production methods and testing and the usage/application is correct and do not change significantly and that this certificate has not been suspended or revoked. It is the responsibility of the manufacturer to investigate what other national legislation or European regulations are or may be applicable to the above product. Product liability rests entirely with the manufacturer. The validity of the certificate can be requested via <https://www.tuv.nl>. Changes that may affect the validity of the certificate must be communicated by the manufacturer to the TÜV in writing as an obligation.
